

Retake Worksheet

Below you will find a blank retake worksheet that allows you to develop your own strategy for retaking portfolio entries and assessment center exercises. You are encouraged to print multiple copies of this worksheet to test out various retake scenarios.

You may also find the online retake calculator a useful tool in computing the scores you will need to achieve National Board Certification®. The calculator is located at www.nbpts.org in the retake application and with the score report. You can find further details about the online retake calculator in the *Scoring Guide for Candidates*, which is also available online.

Entry or Exercise Name	Weight	Your Expected New Raw Score	Your Earned Raw Score	Reasonable Raw Score Increase	Weight x Reasonable Raw Score Increase =
Portfolio Entry 1	16.00
